

TURAKI SCHOOL

Digital Device Responsible Use Agreement

Student User Agreement - Years 0 - 3

TURAKI SCHOOL STUDENT USER AGREEMENT OVERVIEW

Digital technologies and devices like iPads and computers are tools that can help us learn at school in all sorts of ways. We can look at interesting things online, talk to people, create new ideas, and learn how to do different things on apps and websites.

When we use digital technologies, we need to learn how to keep ourselves safe, and make good choices in ways we behave when we are online. At Turaki School we call this being a 'digital citizen'. Good digital citizens help to make our school a safe and positive place for everyone.

This agreement shares what Turaki School does to help make learning online safe, and what we need to do. It is not always easy to understand everything about online spaces, because there are so many things to use and explore, and that's why it's important that we all try to make it as safe as possible.

TURAKI SCHOOL ROLE

Turaki School wants to help you learn in the best ways we can, and keep you safe at school.

We will do this by:

- helping you to know what you need to do to keep safe online
- helping you to know what to do if you are worried or upset by anything or anyone online
- making sure we have learning times at school where you can find out more about keeping safe online and safe ways to use your device or computers

YOUR ROLE

We want our school to be a place that is safe and friendly, where we can learn, play, and explore. To do this we need everyone to choose safe, careful, and fair ways of using devices and online spaces. As a digital citizen this means you will:

- **Keep it kind.** When you are online, think about others and talk or share in a kind way.
- **Keep it to yourself.** Keep your passwords and information about yourself or other people safe and private.
- **Keep it careful.** Think carefully about what you share and make sure it's something you are proud of and would be happy sharing with someone else face to face.
- **Keep it real.** Not everything you see online is real. It might look or sound real, but some things are made up or fake, so be careful to check or ask a teacher if you're not sure.
- **Keep it honest.** When we copy or use words, pictures, and ideas from the internet, we need to make sure we share these things in the right way and follow the rules for sharing things that don't belong to us.
- **Keep it fair.** Make sure you check with others if it is okay to record them or share photos or videos with them in it. They should have a say in what happens to things that go online if they are in them.
- **Keep it responsible.** If you bring your own device to school, use it in ways, and at the times that your teacher says it is okay too.

WHEN THINGS GO WRONG ONLINE

Even when people try to do the right thing, sometimes things go wrong. If you or somebody you know does something online that isn't okay maybe by accident or on purpose, your teachers will help you to sort it out. If you see things online that make you feel worried or upset, please let your teachers know and they will help you sort it out. The important thing is to tell a teacher or another adult you trust.

Online bullying. Online bullying is not okay at our school at any time. If somebody is saying mean or hurtful things about you or somebody else online, talk to a teacher or trusted adult. They will help you with what to do. Don't delete or hide the messages or pictures because these are important to show what has been happening. Turn your screen off and then go tell a teacher or trusted adult.

Report a problem. If you see something online that you don't think should be there, tell a teacher or a trusted adult at school as soon as you can. This is really helpful, and means we get to fix the problem quickly. The school will look and see how to fix it, and take away the problem.

Online safety support. Netsafe helps people to be safe online. They can help you or your family if you are having problems online. They have free, private help for you and your family for any online safety problems, and they are there to help seven days a week.

You can get hold of them on the phone 058638723, or their website at netsafe.org.nz

STUDENT STATEMENT

I know about the ways I should use digital devices and online spaces at school for learning. I know that I should be kind, careful and responsible when I use devices, and when I go online, and this is the same for the devices that school owns, or if it is my own device that I bring to school.

I know that if I behave in ways that are not safe online, or kind or responsible, that this is not okay at Turaki School. There may be some actions that my school might have to take, such as not being able to use school devices or devices I bring from home to school.

I know and understand that if I bring a cell phone into school that it is my responsibility to hand this into the Office upon arrival at school. I also know and understand that I am not permitted to use a cell phone during school hours.

I understand that only the internet gateway provided by Turaki School may be accessed while at school. Personal internet connected devices including cell phones, cell network adapters, t-stick, vodem stick, are not permitted to be used to access outside internet sources at any time at school.

I understand and agree to use digital technology and the internet at school safely and for learning, whether it is on a school device or one I have brought from home.

PARENT/ WHĀNAU/ GUARDIAN DECLARATION

I understand that our school is supporting students as they learn the skills required to become successful digital citizens. Our school defines a digital citizen as someone who;

- will follow the Turaki School AROHA values of Attitude, Respect, Ownership, Honesty and Achievement when working with digital devices
- is a confident and capable user of digital devices
- uses digital devices to participate in educational, cultural, and economic activities
- uses and develops critical thinking skills in cyberspace
- is aware of digital device challenges and can manage them effectively
- uses digital devices to relate to others in positive, meaningful ways
- demonstrates honesty and integrity in their use of digital devices
- respects the concepts of privacy and freedom of speech in a digital world
- requests permission from others (staff or students) before taking their photograph or using a photograph of them
- contributes and actively promotes the values of digital citizenship

I understand that the school provides access to the internet and other communications technologies because it believes that they enhance the teaching and learning process.

I understand that the school encourages responsible behaviour by students when using digital devices to help protect themselves and each other from experiencing harm online. I am aware that this "Agreement" is part of that, and that it encourages students to consider how their actions can affect themselves and those around them.

I have read this Agreement and have talked with my child/ren about what it means to them. I am happy that my child understands what this means, and that they are capable of working within the guidelines. I am aware that if my child does not act responsibly or in a positive manner, or that their behaviour may lead to themselves and/or other people being harmed, then Turaki School may stop them from using the internet or other technology at school.

I understand that it is the parents' responsibility to monitor their child's use of digital devices out of school hours. This is not Turaki School's responsibility.

I am aware that students can experience challenges when using digital devices, but that the school makes every effort to support students to manage those challenges effectively. I understand that by learning to deal with them in a safe environment, with the appropriate support, they will be better prepared to deal with those challenges in the future.

If I have questions or concerns about the way in which digital devices are being used by my child at school, I know the school is happy to discuss this with me, and I am aware that I am welcome to do this at any time.

I am aware that my child does not require a cellphone at school as part of their digital learning. I am aware that it is my child's responsibility to hand a cellphone they may have at school into the Office upon arrival at school. I am also aware that my child is not permitted to use a cell phone during school hours. I am happy for my child to be on a school register for bringing a cellphone to school.

I understand that this register will be checked each day and if the cell phone has not been handed in I give my permission for a member of the school's senior leadership team to ask for the phone and if necessary to search my child's clothing and/or their possessions if the school believes there is an immediate threat to the physical or emotional safety of a person.

I know that if my child makes choices or behaves in ways that don't align with this Agreement there may be consequences or outcomes that the school will talk about with me.
